Leaders in Compression Therapy

A New Era In Pneumatic Compression

Introducing PnueAira™

Pronounced “New Era,” a blend of pneumatic and air, our next-generation pneumatic compression device is engineered to deliver precision therapy for lymphatic and venous disorders with unmatched customization and effortless ease of use.

Efficient. Simple. Built for Better Care.

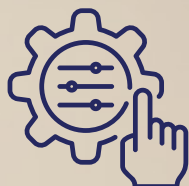

Efficient Setup

Clinician screen for professionals

Simple for Patients

Set it and forget it for daily use

Unmatched Customization

Real-time control and personalization

Five Therapy Modes + Custom Personalization

Built for Better Care

With streamlined operation, customizable therapy, and clinician oversight, this device represents a new standard in pneumatic compression therapy, helping clinicians deliver more effective care while empowering patients with confidence and independence.

Therapy Modes

Five advanced therapy modes to support patient needs plus the option to customize individual chamber pressure.

- **CLT Mode:** Designed for complex lymphedema therapy.
- **Vascular Mode:** Promotes blood flow and vascular health.
- **Wave Mode:** Dynamic, wave-like compression for improved comfort and drainage.
- **Pre-Therapy Mode:** Prepares tissues for optimal fluid movement.
- **Focus Mode:** Targets specific treatment zones with precision.

Indications for Use

The PnueAir device and garments are intended for use by medical professionals and their patients to increase lymphatic flow in the treatment of many conditions such as:

- Lymphedema
- Post mastectomy edema
- Edema following trauma and sports issues
- Post immobilization edema
- Venous insufficiency
- Reducing wound healing time
- Treatment and assistance in healing stasis dermatitis, venous stasis ulcers, arterial ulcers, and diabetic leg ulcers
- Lipedema

Unmatched Customization

Deliver truly personalized therapy with:

- Real-time pressure control
- Per-chamber programming
- Clinician-crafted protocols
- Patient-specific combinations
- Up to 32 chamber configurations
- Adjustable 10–80 mmHg pressure range

Garment Options

- **Core:** For central fluid management
- **Full Leg:** For comprehensive therapy

PowerAira™

Powered by BioTAB Healthcare

This is just the beginning of the New Era.

Coming Soon! Upper extremity treatments, including garment enhancements and more future innovations, designed to advance care and simplify therapy.

At BioTAB, we pride ourselves on leading with innovation, bringing smarter, more effective solutions to patients and clinicians every step of the way.

BioTAB Healthcare delivers more than medical devices, we deliver care. We treat every patient like family, providing compassionate, hands-on service that ensures a seamless experience from prescription to treatment and beyond.
